STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to amend the Calcutta Improvement Act of 1911 so as to provide for the extension of the operations of the Calcutta Improvement Trust to the town of Howrah for the improvement and expansion of that town, for which there has been a strong local demand for some time past

2 The main features of the Bill are briefly explained below —

(1) In order to provide for the representation of the various interests in Howrah on the Board of Trustees for the Improvement of Calcutta and to ensure that the representatives of Howrah may have an adequate opportunity of considering all schemes relating to that area at their inception, it is proposed to enlarge the constitution of the Board by the addition of five representatives from Howarh and to set up a Standing Committee—to be known as the Howrah Committee—on which the Howrah representatives shall form the majority, this Committee shall consider, in the first instance, all proposals relating to the improvement of Howrah prior to their being placed before the Board of Trustees

(2) At present there is no sewerage system in the town of Howrah, and as no adequate improvement of a modern town is possible without such system, it is proposed specially to authorise the Board of Trustees to execute a complete Howrah Drainage and Sewerage Scheme, including outfall and pumping works

(3) For financing the operations of the Board of Trustees in the town of Howrah (or, as occasion may arise, in areas adjacent thereto on the west side of the river Hooghly), it is proposed to constitute a separate fund, to be called the Howrah Fund, to which will be credited—

(*i*) the proceeds of an additional stamp duty of two *per centum* on transfer of immovable properties, including long-term leases, within the Howrah Municipality,

(*ii*) a contribution from the Municipal Fund of Howrah equivalent to one-half *per centum* per quarter on the annual rateable valuation of holdings within the Howrah Municipality, there being an obligation on the Municipal Commissioners of Howrah to make up the deficit if the combined proceeds from these two sources fall short of Rs 2¼ lakhs in any year,

(*iii*) an annual sum of not less than Rs 3 lakhs to be contributed by the Board of Trustees for the Improvement of Calcutta from its present resources

(4) Provision has also been made in the Bill for the Provincial Government, after approving and sanctioning the Howrah Drainage and Sewerage Scheme, to contribute one-third of the capital cost of the Scheme

Calcutta, the 23rd May 1944

DEPARTMENT OF AGRICULTURE, BENGAL

Calcutta, the 19th May 1944

Third and Final Forecast of the Spring Oilseed Crops of Bengal, 1943-44.

(*Note* -- On an average of the five years ending 1941-42 the area under linseed in Bengal has represented some 3 6 per cent and that of rape and mustard 12 2 per cent of the total area under these crops in India)

Character of the season —Since the submission of the Second Forecast in March last the effect of weather has been generally favourable Some damage was, however, caused to the crops by insect-pests and irregular distribution of rainfall at places

Area sown —Oilseeds are chiefly grown in the Dacca, Rajshahi and Presidency Divisions In the other two divisions the cultivation is less extensive The total area under these crops (excepting sesamum for which separate forecasts are published) is returned at 1,018,800 acres as against 1,087,200 acres last year

Outturn —From the District Officers' estimates, the provincial outturn of the different oilseed crops works out at 73 per cent as against 78 per cent last year

Taking 6½ maunds as the normal yield per acre for linseeds, 6 3/5 maunds for rape and mustard and 4½ maunds for other oilseeds, the total yield of the crops for the province is estimated at 176,500 tons this year as against 200,700 tons last year

M. CARBERY,
Director of Agriculture, Bengal.

PART V—Acts of the Indian Legislature assented to by the Governor-General and Ordinances promulgated by the Governor-General.

GOVERNMENT OF INDIA.

Legislative Department.

The following Act of the Indian Legislature received the assent of the Governor General on the 12th April, 1944, and is hereby promulgated for general information —

ACT NO XI OF 1944

An Act further to amend the Indian Income-tax Act, 1922

WHEREAS it is expedient further to amend the Indian Income-tax Act, 1922 (XI of 1922) for the purposes hereinafter appearing

It is hereby enacted as follows —

1. Short title.—This Act may be called the Indian Income-tax (Amendment) Act 1944

2. Amendment of section 7, Act XI of 1922.—In sub-section (*1*) of section 7 of the Indian Income-tax Act 1922 (XI of 1922) (hereinafter referred to as the said Act), in *Explanation 2* the words "at or in connection with the termination of his employment whether or not the employment is then terminated or to be terminated," shall be omitted

3. Amendment of section 14, Act XI of 1922.—In sub-section (*1*) of section 14 of the said Act after the words "Hindu undivided family" the following words shall be added, namely —

"where such sum has been paid out of the income of the family"

4. Amendment of section 15, Act XI of 1922.—After sub-section (*2*) of section 15 of the said Act, the following sub-section shall be inserted, namely —

"(*2A*) Nothing in sub-section (*1*) or sub-section (*2*) shall apply to so much of any premium or other payment made on a policy other than a contract for a deferred annuity as is in excess of ten per cent of the actual capital sum assured, and in calculating any such capital sum no account shall be taken of the value of any premiums agreed to be returned or of any benefit by way of bonus or otherwise which is to be or may be received either before or after death either by the person paying the premium or by any other person and which is not the sum actually assured "

5. Insertion of new section 18A in Act XI of 1922.—After section 18 of the said Act, the following section shall be inserted, namely —

"18A *Advance payment of tax* —(*1*)(*a*) In the case of income in respect of which provision is not made under section 18 for deduction of income-tax at the time of payment, the Income-tax Officer may, on or after the 1st day of April in any financial year, by order in writing, require an assessee to pay quarterly to the credit of the Central Government on the 15th day of June, 15th day of September, 15th day of December and 15th day of March in that year, respectively, an amount equal to one-quarter of the income-tax and super-tax payable on so much of such income as is included in his total income of the latest previous year in respect of which he has been assessed, if that total income exceeded six thousand rupees Such income-tax and super-tax shall be calculated at the rates in force for the financial year in which he is required to pay the tax, and shall bear to the total amount of income-tax and super-tax so calculated on the said total income the same proportion as the amount of such inclusions bears to his total income or, in cases where under the provisions of sub-section (*1*) of section 17 both income-tax and super-tax or super-tax are chargeable with reference to the total world income shall bear to the total amount of income-tax and super-tax which would have been payable on his total world income of the said previous year had it been his total income the same proportion as the amount of such inclusions bears to his total world income

Provided that, where the previous year of the assessee in respect of any source of income ends after the 31st day of December and before the 30th day of April, the order in writing issued by the Income-tax Officer requiring the payment of income-tax and super-tax on that source of income shall substitute for the four quarterly payments hereinbefore specified, three payments of equal amount to be made on the 15th day of September, the 15th day of December and the 15th day of March respectively

Provided further that if the assessee is a partner of a registered firm and an assessment of the firm has been completed for a previous year later than that for which the assessee's last assessment has been completed, his share in the profits of the firm shall for the purposes of this sub-section, be included in his total income on the basis of the latest assessment of the firm

Provided further that, if after the making of an order by the Income-tax Officer and before the 15th day of February of the financial year an assessment of the assessee or of the registered firm of which he is a partner is completed in respect of a previous year later than that referred to in the order of the Income-tax Officer, the Income-tax Officer may make an amended order requiring the assessee to pay in one instalment on the specified date, or in equal instalments on the specified dates if more than one, falling after the date of the amended order, the tax computed on the revised basis as reduced by the amount if any paid in accordance with the original order but if the amount already paid exceeds the tax determined on the revised basis, the excess shall be refunded

(*b*) If the notice of demand issued under section 29 in pursuance of the order under clause (*a*) of this sub-section is served after any of the dates on which the instalments specified therein are payable, the tax shall be payable in equal instalments on each of such of those dates as fall after the date of the service of the notice of demand, or in one sum on the 15th day of March if the notice is served after the 15th day of December

(*2*) If any assessee who is required to pay tax by an order under sub-section (*1*) estimates at any time before the last instalment is due that the part

of his income to which that sub-section applies for the period which would be the previous year for an assessment for the year next following is less than the income on which he is required to pay tax and accordingly wishes to pay an amount less than the amount which he is so required to pay, he may send to the Income-tax Officer an estimate of the tax payable by him calculated in the manner laid down in sub-section (*1*) on that part of his income for such period, and shall pay such amount as accords with his estimate in equal instalments on such of the dates specified in sub-section (*1*)(*a*) as have not expired or in one sum if only the last of such dates has not expired

Provided that the assessee may send a revised estimate of the tax payable by him before any one of the dates specified in sub-section (*1*)(*a*) and adjust any excess or deficiency in respect of any instalment already paid in a subsequent instalment or in subsequent instalments

(*3*) Any person who has not hitherto been assessed shall, before the 15th day of March in each financial year, if his total income of the period which would be the previous year for an assessment for the financial year next following is likely to exceed six thousand rupees, send to the Income-tax Officer an estimate of the tax payable by him on that part of his income to which the provisions of section 18 do not apply of the said previous year calculated in the manner laid down in sub-section (*1*), and shall pay the amount, on such of the dates specified in that sub-section as have not expired, by instalments which may be revised according to the proviso to sub-section (*2*)

(*4*) Where part of the income to which sub-section (*1*), (*2*) or (*3*) applies consists of any income of the nature of commission which is receivable periodically and is not received or adjusted by the payer in the assessee's account before any of the quarterly instalments of tax become due, he may defer payment of tax on that part of his income to the date on which such income would be normally received or adjusted and if he does so he shall communicate to the Income-tax Officer the date to which such payment is deferred

Provided that, if the tax of which the payment is deferred is not paid within fifteen days of the date on which such income or part thereof is received or adjusted by the payer in the assessee's account the tax shall be payable with six per cent simple interest per annum from the date of such receipt or adjustment to the date of payment of the tax

(*5*) The Central Government shall pay on any amount paid under this section simple interest at two per cent per annum from the date of payment to the date of the assessment (hereinafter called the 'regular assessment') made under section 23 of the income, profits and gains of the previous year for an assessment for the year next following the year in which the amount was payable

Provided that on any portion of such amount which is refunded under the foregoing provisions of this section interest shall be payable only up to the date on which the refund was made

(*6*) Where in any year an assessee has paid tax under sub-section (*2*) or sub-section (*3*) on the basis of his own estimate, and the tax so paid is less than eighty per cent of the tax determined on the basis of the regular assessment, so far as such tax relates to income to which the provisions of section 18 do not apply and so far as it is not due to variations in the rates of tax made by the Finance Act enacted for the year for which the regular assessment is made, simple interest at the rate of six per cent per annum from the 1st day of January in the financial year in which the tax was paid up to the date of the said regular assessment shall be payable by the assessee upon the amount by which the tax so paid falls short of the said eighty per cent :

Provided that, where, as a result of an appeal under section 31 or section 33 or of a revision under section 33A or of a reference to the High Court under section 66, the amount on which interest was payable under this sub-section has been reduced the interest shall be reduced accordingly and the excess interest paid, if any, shall be refunded together with the amount of income-tax that is refundable

Provided further that, where a business, profession or vocation is newly set up and is assessable on the income, profits and gains of its first previous year in the financial year following that in which it is set up, the interest payable shall be computed from the 1st day of April of the said financial year

(*7*) Where, on making the regular assessment, the Income-tax Officer finds that any assessee has—

(*a*) under sub-section (*2*) or sub-section (*3*) underestimated the tax payable by him and thereby reduced the amount payable in any of the first three instalments, or

(*b*) under sub-section (*4*) wrongly deferred the payment of tax on a part of his income,

he may direct that the assessee shall pay simple interest at six per cent per annum, in the case referred to in clause (*a*) for the period during which the payment was deficient on the difference between the amount paid in each such instalment and the amount which should have been paid having regard to the aggregate tax actually paid under this section during the year, and in the case referred to in clause (*b*) for the period during which the payment of tax was wrongly deferred on the amount of which the payment was so deferred

Provided that for the purposes of this sub-section any instalment due before the expiry of six months from the commencement of the previous year in respect of which it is to be paid shall be deemed to have become due fifteen days after the expiry of the said six months

(*8*) Where, on making the regular assessment, the Income-tax Officer finds that no payment of tax has been made in accordance with the foregoing provisions of this section, interest calculated in the manner laid down in sub-section (*6*) shall be added to the tax as determined on the basis of the regular assessment

(*9*) If the Income-tax Officer, in the course of any proceedings in connection with the regular assessment, is satisfied that any assessee—

(*a*) has furnished under sub-section (*2*) or sub-section (*3*) estimates of the tax payable by him which he knew or had reason to believe to be untrue, or

(*b*) has without reasonable cause failed to comply with the provisions of sub-section (*3*),

the assessee shall be deemed, in the case referred to in clause (*a*), to have deliberately furnished inaccurate particulars of his income, and in the case referred to in clause (*b*), to have failed to furnish the return of his total income, and the provisions of section 28, so far as may be, shall apply accordingly

Provided that the amount of penalty leviable shall, in the case referred to in clause (*a*), be a sum not exceeding one-and-a-half times the amount by which the tax actually paid during the year under the provisions of this section falls short of the tax that should have been paid by the assessee under sub-section (*1*) or eighty per cent. of the tax determined on the basis of the regular

assessment as modified in the manner provided in sub-section (6), whichever is the less, and, in the case referred to in clause (b) one-and-a-half times the said eighty per cent

(10)(a) If any assessee does not pay on the specified dates any instalment of tax that he is required to pay under sub-section (1) and does not, before the date on which any such instalment as is not paid becomes due, send under sub-section (2) an estimate or a revised estimate of the tax payable by him, he shall be deemed to be an assessee in default in respect of such instalment or instalments

(b) If any assessee has sent under sub-section (2) or sub-section (3) an estimate or a revised estimate of the tax payable by him, but does not pay any instalment in accordance therewith on the date or dates specified in sub-section (1), he shall be deemed to be an assesseè in default in respect of such instalment or instalments

Provided that the assessee shall not, under clause (a) or (b), be deemed to be in default in respect of any amount of which the payment is deferred under sub-section (4) until after the date communicated by him to the Income-tax Officer under that sub-section

(11) Any sum other than a penalty or interest paid by or recovered from an assessee in pursuance of the provisions of this section shall be treated as a payment of tax in respect of the income of the period which would be the previous year for an assessment for the financial year next following the year in which it was payable, and credit therefor shall be given to the assessee in the regular assessment "

Ādhunik Bamlā-Sahitya [Modern Bengali literature] A collection of literary essays said to have been published in different journals at different times In this book the author advances among other things the following propositions with proofs of their assertions with innumerable passages from modern literature - 1 Literary activities in Bengal were adapted and adjusted to the changes in the sentiments thoughts ideals and aspirations brought about by the Indian Renaissance towards the end of the nineteenth century 2 Literary productions from Madhusudan to Rabindranath are known as modern as distinguished from ancient, mediaeval and contemporary 3 The Creative literature of the period may be devided into two classes Classical and Romantic 4 Akshaykumar Baral Bankim chandra, Biharilal Debendranath, Dinabandhu Hemchandra Madhusudan, Rangalal Rabindranath Sarat chandra, Satyendranath and Surendranath, are among others the modern writers 5 Reaction in the form matter and spirit of the modern literature was noticed towards the end of the century and there was a transition in the Bengali prose style from the standard literary to the standard colloquial The writer is concerned here with a brief study of the character of modern literature, but not with that of the literature of other periods, the transition of the style to the colloquial standard, according to him involves a violation of the traditional classical style assiduously established by the deep devotion of the modern writers to the mother tongue Published by Sureshchandra Das, M A, General Printers and Publishers Ltd, 119, Dharamtalla Street, Calcutta 1349 B S (27 11 1942) Pages 1+282 Royal 8vo 2nd edition Rs 3 8-0 (cloth bound) Copies 750

122 Gopal Bhaumik —সমাজ ও সাহিত্য—

Samaj O Sāhitya [Society and Literature]—The book attempts to support the theory that art, life and politics are inseparable and to show that the development of art and society takes a parallel course and that the modern principles of the study of the origin and development of art and literature, are and should be based on the Marxian doctrine of the materialistic interpretation of history These principles, according to the author, discuss the problems of culture as mirrored in literature in relation to the existing condition of the society as literature is the result of the reaction of the social condition or the social production on the mind and as nature of art changes along with the changes in society and environs So he suggests that the works on ancient and mediaeval poetics should be so revised as to enable the critics to understand by means of them, the trend of contemporary literature He also shows that the existing European Industrial capitalism is tending inevitably towards its destruction with it also the Bourgeois literature under whose influence modern Bengali literature as opposed to the contemporary Bengali literature grew The society, he says, which organizes production anew on the basis of free and equal association of producers is coming into being with inevitable force and the Bourgeois literary theories of Classicism following the rules of ancient authorities, Romanticism seeking to establish idealism and Mysticism originating in men's contemporary religious conception but not in actual conditions in life, are sure to give place to the contemporary Science of Aesthetics adequately based on the Diabetical and Historical materialism Published by the printer, P13, Ganesh Ch Avenue, Calcutta (26-11-1942) Pages 31 Double Crown 16mo 1st edition Re 0 3 0 Copies 200
